NOTICE TO BIDDERS
BID 2018-001 Mowing & Landscape Services
Addendum #1 Response to Contractor Questions
Posted Thursday, May 18, 2017

#1: When would the mowing begin and end?

Answer: As indicated in the terms, the contract period is July 1, 2017 through June 30, 2018. Mowing should begin immediately after the contract has been signed and notice to proceed has been indicated.

The contractor must mow at the minimum of every 5-7 days during the growing season.

The Growing Season is defined as between February 1 through November 30. During the off season months of December and January the contractor may mow as needed to keep an upkeep and professional appearance.

#2: How many times would you like the schools pruned?

Answer: As indicated in the terms, the contractor is expected to keep ALL shrubbery properly maintained throughout the term of the contract.

Depending on the type and variety of plants, the growth and trimming will need to be adjusted accordingly.

#3: Does the island on the end of Hwy 57 at Strouds Creek need to be included in the bid for Pathways elementary?

Answer: No.

#4: Does the district have a final leaf blown off or cleanup schedule?

Answer: The contractor will need to utilize their discretion on when leaf collection and mowing activities need to begin and end. The goal of the contract is to keep the grounds well maintained throughout the year. Due to climate and weather conditions, a calendar date for a leaf schedule is not indicated at this time.
