OCS PRE-K PLACEMENT CONSIDERATIONS

The Orange County Schools Title 1 Blended Pre-K Program provides blended, inclusive classrooms for children who may meet the requirements for:

- [Title I](#) Pre-K: Title 1 Pre-K is a federally funded program, designed to improve cognitive, health and emotional-social outcomes for eligible children. Selection is based on academic need. Children enrolled are provided opportunities to prepare them with the prerequisite skills and dispositions of learning that will enable them to benefit from later school experiences. www.ncpublicschools.org/earlylearning/title1/
- [North Carolina Pre-K](#) (NCPK): NC Pre-K is a state funded initiative, designed to provide high-quality educational experiences to enhance school readiness for eligible four-year-old children. The [NC Pre-K Program Requirements](#) are built on the National Education Goals Panel premise that to be successful academically in school, children need to be prepared in all five of the developmental domains that are critical to children's overall well-being and success in reading and math as they enter school: approaches to play and learning, emotional and social development, health and physical development, language development and communication, and cognitive development.

The child must be [four-years old on or before August 31st](#) of the program year. A child that meets the age requirement is eligible for NC Pre-K if the child is from a family whose gross income is [at or below 75% of the State Median Income \(SMI\)](#). Children of certain [military families](#) are also eligible without regard to income. In addition, up to 20% of age eligible children enrolled may have family incomes in [excess of 75% SMI](#) if they have documented risk factors in specific categories including developmental disability, Limited English Proficiency, educational need, or chronic health condition. <https://ncchildcare.ncdhhs.gov/Home/DCDEE-Sections/North-Carolina-Pre-Kinergarten-NC-Pre-K>

Each classroom site serves up to 18 children. Each classroom has a certified, licensed teacher and two instructional assistants with college credits in Early Childhood Education. The maximum teacher to child ratio is 1:8.

All classrooms are licensed by the North Carolina Division of Child Development and Early Education, and are also regulated by the Orange County Department of Environmental Health and Orange County Schools. Our classrooms maintain a five star license, and strive to meet the highest quality early childhood education and best practices for young children and their families.

Our OCS Pre-K classrooms are INCLUSIVE. This means that each classroom supports and addresses the individual needs of each child. Effective models of inclusive education not only benefit students with disabilities, but also create an environment in which every student, including those who do not have disabilities, has the opportunity to reach her/his greatest potential. Here are some ways in which inclusive educational practices build a school's capacity to educate all learners effectively:

- Differentiated instruction increases student engagement.
- Emotional, social and academic supports help each student access the full curriculum.
- Behavioral supports help maintain a safe, connected 'School Family' learning environment for everyone.
- Respect for all types of diversity creates a safe and welcoming environment for all.

Within this inclusive environment, respect, understanding and empathy grows.

NO TRANSPORTATION IS PROVIDED

There is no bus transportation service provided for our Pre-K children. Children who qualify for the Exceptional Education program will have their transportation needs determined by the EC Pre-K Assessment Team.
