Relationships before rigor.
Grace before grades.
Patience before programs.
Love before lessons.

TALK ABOUT IT!
Talk to your child about all the different people who work in our school, and about what they do. Make sure your child knows everyone wants what is best for him/her. We are all available to help in any way we can.

What is Canvas?

Canvas is the official learning management system (LMS) for Orange County Schools, that easily connects teachers and students/parents and is used to monitor grades, manage active enrollments and assignment submissions, share course documents, facilitate message correspondence between students and instructors and contain course and course syllabus information for all to access.

In the Canvas Parent app, you can create a Canvas observer account to view student course information. If you already have an account, you can log in to the Parent app.

To link yourself to a student, you will need to enter a student-specific pairing code that will link you to the student. Pairing codes are valid for seven days. Students can generate pairing codes from their User Settings. Depending on institution permissions, admins and instructors may also be able to generate pairing codes.

For more information on pairing codes, view the Pairing Codes - Frequently Asked Questions PDF.

Say Something Anonymous Reporting System

Say Something Anonymous Reporting System allows you to submit secure, anonymous safety concerns to help identify and intervene upon at-risk individuals BEFORE they hurt themselves or others. Students and adults can call the hotline at 1-844-5-SAYNOW or submit a tip at https://www.saysomething.net/. The crisis center is staffed 24/7 to provide immediate response to all tips. If you or your child ever have concerns that someone may hurt themselves or others, please submit a tip!

HELP YOUR CHILD CREATE A STUDY PLAN

Your child most likely has regular homework. Having a plan for getting homework done can go a long way in keeping your child organized and less stressed. Help your child decide when is the best time to do homework. Some students want to get their homework done right after school. Others want to take a break and do their homework later. Help your child determine the best time to do homework, and create a schedule that makes homework a part of your child's daily routine.

Think about anything that might interrupt your child's study plan. For instance, if your child is easily distracted, turn off the TV and make homework time a quiet time in your household. If your child has a tendency to procrastinate, make a "no TV or screen time" rule until homework is done.

Parents of 7th Graders Only!

Immunization shots are due October 30, 2020. For more information, contact nurse, Sylvia Compton.
