Good afternoon Summer Scholar Families,

We are excited to announce that this coming week is SPIRIT WEEK at Grady Brown for the Summer Scholars program!

Thank you for your support and patience as we finished off Week 2 of Summer Scholars. The weather is getting hot and we encourage you to send your student with a water bottle throughout the day as students have breaks outside. This week students should have finished up their math/literacy pre-assessment and we are in the process of collecting that data. Please reach out to your child's AM teacher if you have any further questions about the assessments. Check out Week 2 highlights as students experienced a productive week of assessments, practiced reading fluency and decoding, built automated robotics, measured out ingredients to create playdough from scratch, used base 10 counting blocks for mathematics, and practiced their

interview skills!
