## Families Making the Connection

### Beyond the Table

National Nutrition Month® is celebrated each March. The 2024 NNM theme is "Beyond the Table". We eat not only around a table together but also on the go, in schools and restaurants, and at games and events. Thinking beyond the table addresses the farm-to-fork aspect of nutrition, from food production to distribution, storage, preparation, and consumption. The theme helps us to think about and make the best food choices for ourselves and our families.

School meals can make a difference for students. School meals offer choices of entrées, sides, and low fat or fat free milk daily. Meals include a variety of whole grains, lean proteins, fruits, and vegetables. Many schools participate in farm to school and feature North Carolina-grown ingredients.

Each March the Academy of Nutrition and Dietetics celebrates National Nutrition Month®. Plan now to celebrate with your family, at your child's school, and in the community.
