

## RESOLUTION FOR REDISTRICTING PLAN FOR 2024-2025

WHEREAS, the roll-out of redistricting maps for Orange County Schools by OREd for the Draft Reassignment Plan has encountered numerous challenges, leading to delays and a lack of meaningful community input; and

WHEREAS, issues beyond the district's control have impeded the effective management and control of the redistricting process, putting the district in a position where catching up within the established timeline has proven unfeasible; and

WHEREAS, input from the Assignment Committee's input was out of sequence and rushed, community input meetings were hurried, and the initial availability of maps for community study was delayed, which exacerbated the challenges faced during this process; and

WHEREAS, time was lost in accurately establishing school capacity numbers, necessitating map recalculations and further contributing to delays; and

WHEREAS, it is acknowledged that the initial goal of completing the redistricting process, including community input and board approval, before January 1, 2024, is thus unattainable;

THEREFORE, BE IT RESOLVED THAT:

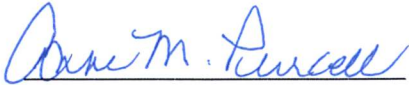

The Board acknowledges the challenges faced in the redistricting process and the need for a comprehensive and accurate approach, and

The Board recommends taking the time necessary to ensure the accuracy of maps, and to solicit meaningful input from the community with advisement by the Assignment Committee, and

The Board proposes reconstituting the Assignment Committee by allowing those who wish to leave to do so, seeking confirmation from those who wish to remain, and making recommendations for new members, and

The Board resolves to implement the redistricting plan at the beginning of the 2025-2026 school year.

BE IT FURTHER RESOLVED THAT this resolution shall take effect immediately upon approval.
