Mission: The mission of New Hope Elementary School is to provide opportunities for all students to develop skills needed to become global citizens in the 21st century, acquire knowledge, and develop character within a diverse, safe and nurturing learning environment.

Vision: New Hope is a learning community where each child is encouraged and supported in reaching his or her highest potential. New Hope Voyagers are students who are globally aware, self-directed learners and collaborative problem-solvers.

Goals:

Goal 1 – Orange County Schools will be the first choice for families through the provision of engaging learning opportunities for all students to prepare them for citizenship, higher education, and careers.

Goal 5 – Orange County Schools will be the first choice for families through the accountable, equitable and transparent management of human and financial resources.

Goal 2 – Orange County Schools will be the first choice for families through consistent and effective engagement with our diverse community.

Goal 3 – Orange County Schools will be the first choice for families through retaining, recruiting and developing a diverse professional team accountable for the learning opportunities for all students.

Goal 4 – Orange County Schools will be the first choice for families through the provision of safe and sustainable operations and well maintained facilities and equipment that support learning opportunities for all students.

</tr>
</tbody>
</table>

**Initial Assessment:**

All grade levels will continue to work to ensure that Units of Study are implemented with fidelity according to the pacing suggested by Teachers College and accepted by OCS. Letterland will be the core phonics instruction in Kindergarten and 1st grade. 2nd grade will begin to implement this year.

Kindergarten and 3rd grade will implement Bridges math curriculum and pacing with fidelity, while maintaining pacing within two weeks of suggested pacing by The Math Learning Center. Remaining grade levels will continue to utilize math workshop structures to ensure that students are engaging in collaborative learning, math discourse, inquiry-based learning opportunities, and direct instruction to ensure that all students can access and master curriculum.

**How it will look when fully met:**

When fully implemented, PLCs will confident in planning instruction and assessing student mastery of standards through utilization of Units of study. There will be consistent structures, routines, and expectations in all grade levels. Teachers will consistently collaborate with coaches to ensure pacing and fidelity of units taught while monitoring progress and growth.

Letterland Phonics program will be implemented with fidelity in all kindergarten-2nd classrooms. The intervention will also be utilized for struggling students as a layer of support for increased success.

In math, the Bridges curriculum will be gradually implemented school-wide. However, this year it will only be implemented in kindergarten and 3rd grade. All kindergarten and 3rd grade classrooms will define structures and routines that are consistent with the research for math talk, investigative learning, and direct instruction. Students will be able to verbalize and demonstrate their thinking and problem-solving strategies in mathematics.

**Actions**

9/5/18 All PLCs meet with literacy team every Tuesday to discuss upcoming lessons, unit progression, resources, and mastery of standards.

0 of 5 (0%)
### Notes:
9/5/18 All PLCs meet with math team every Thursday to discuss upcoming standards, strategies, and to ensure teacher content knowledge. 

Stefanie Bordeaux 01/04/2019

### Notes:
9/5/18 PLCs will meet once per month with administration to conduct student data talks around progress and how we are intervening and extending learning opportunities for students. 

Ambra Wilson 06/14/2019

### Notes:
9/5/18 Administration will conduct frequent walkthroughs and observations, utilizing the "look fors" provided by the district for implementation of Letterland, Units of Study, and math workshop to ensure professional development is transitioning into classroom practice. 

Ambra Wilson 06/14/2019

### Notes:
9/5/18 Instructional coaches will engage teachers in coaching cycles and develop contracts with teachers to ensure instructional practices and strategies are utilized once the coaching cycle is complete. This will be monitored through follow-up conversations and non-evaluative walkthroughs. 

Susan Cobb 06/14/2019

**Initial Assessment:**
The MTSS school based implementation team will continue to implement more pieces of the MTSS framework and use the TIPS problem solving model and ISOL when analyzing data and determining next steps to ensure growth for all students toward proficiency. Additionally during the 18-19 school year PLC’s will continue to have collaborative conversations around student data talk with support of administration and instructional coaches. Currently the team feels there is a general understanding of the MTSS structure and improved understanding of the different levels of instruction. There is continued work to be done in determining how to support students in Tier 1 and Tier 2 while implementing interventions with fidelity. During the 18-19 school year, universal screeners will be utilized to identify students who are at risk of needing intervention. This could be for intervention or enrichment. Create a database with levels of intervention that are available in each Tier. Classroom instructional resources will continue to be expanded Language Experience will be utilized in all kindergarten classes. Strategies to support low language learners will be modeled and implemented through all grade levels through collaboration and modeling with ESL teachers.

**How it will look when fully met:**
All students will be receiving high-quality instruction at their level to reach their full potential. Teachers will utilize the MTSS team as a resource for intervention strategies and data tracking for all struggling students that are making limited progress. MTSS agendas and data will provide evidence that this objective is fully met.

**Actions**
12/6/17 Library of classroom instructional resources will be expanded for every grade level to ensure appropriate materials for differentiated and individualized learning.

### Initial Assessment:
- A few teachers implemented restorative justice circles to help with community and communication.
- Altered master schedule to have guidance on a bi-weekly rotation to have students receive instruction in social/emotional skills.
- Received a grant for PD and resources in restorative justice practices.
- Provided food backpacks and a universal breakfast.
- Employed full-time counselor, social-worker, and nurse.
- Employed part-time family outreach coordinator.
- FSA, Y-Learning partnerships.

**Implementation Status:** Limited Development 08/09/2017

**Priority Score:** 2  
**Opportunity Score:** 2  
**Index Score:** 4

### How it will look when fully met:
All teachers will provide students with a classroom environment where they feel supported emotionally and have the structures in place to communicate needs. This would be evidenced by a decrease in office behavior referrals and an increase in student self-advocacy.

**Objective Met:** 08/15/18  
**Assigned To:** Ambra Wilson

**The LEA/School regularly looks at school performance data and aggregated classroom observation data and uses that data to make decisions about school improvement and professional development needs.**

- **Implementation Status:** Limited Development
- **Target Date:** 09/08/2017
- **Assigned To:** Stefanie Bordeaux

### Initial Assessment:

We will continue to share data with all staff in a way that is meaningful and accessible, utilizing IO data warehouse. PLCs will continue to analyze formative, summative, an observational data, which will impact planning of instruction with support of math, literacy, ESL, and digital learning coaches. PD will be given by coaches in PLCs based on upcoming instructional focus as well as trends noticed during walkthroughs and observations. Modeling of strategies and upcoming content will be done during weekly PLC meetings.

### How it will look when fully met:

- Teachers will feel confident in their ability to analyze and plan based on formative, summative, and observational data.
- Teachers will feel confident in working collaboratively with coaches.
- PLCs will effectively engage in conversations around student data to ensure that all students' needs are being considered.
- Staff will have an understanding of school-wide data and plans to improve proficiency for all students.
- Monthly PLCs will engage in student data talks using a protocol to ensure that we are analyzing expectations of all students.
- Teachers will be provided PD resources based on observations, student data, and presented needs.
- Teachers will engage in self-selected PD through Lead2Learn and other offerings within the building. Money will be allocated for teachers to attend PD at other locations.
